

Game Highlight

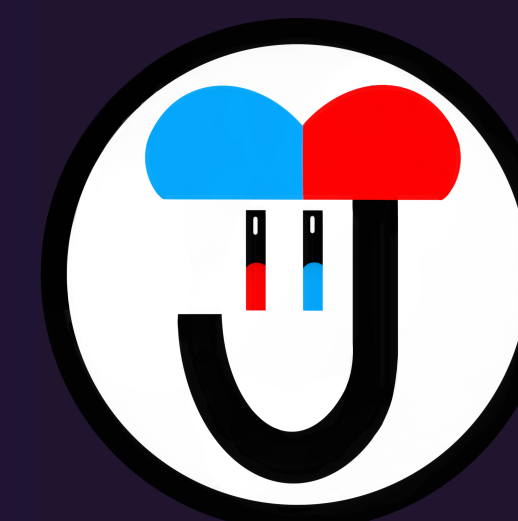

- Free movement and interaction with objects and NPCs.
- Coin system: buy new characters.
- Three well-designed levels that supports player choice.
- Beautiful bullet trajectory.
- Pixel artistic style.
- Interesting story and exciting investigations.

Developers' Notes

We learned the importance of team work, and tried to create the best game experience for our players. Our aim was to encourage self-investigation instead of doing what others do. "It's not just a game!"

Game Introduction

This is a RPG+STG game that enables you to interact with objects and shoot bullets to enemies. There are three different levels that you can choose, enjoy your trials!
